Selectmen's Meeting

CABLE TV PROGRESS

Mr. James Besse, Manager, and Mr. John Belco from Bay Cable TV and other members of the Cable TV Committee, Sandy Crampton, Gary Jacobsen, Vincent Worden, Mort Zajac and John Clark, reported encouraging progress in preliminary efforts to gain the 18-mile extension of the cable to more remote areas of Mattapoisett. Mr. Belco said that Selectman James Huntoon had been extremely helpful to this effort in arranging the meeting with National Bank of Fairhaven officers to set the proposition before them. He said the President, Daniel Mello, and David Ferrintino of the bank seemed very receptive and asked that some figures be prepared to present to the Board of Directors. A computer analysis had been completed that morning, Mr. Belco stated, and would be presented to the National Bank officials later in the week. He stated that the figures were estimates based on present costs and therefore subject to revision. Roughly, however, 300 subscribers would be necessary and would pay an average of 18.84 per month for the cable service (based on the assumption that interest rates would be 17 1/2%). Mr. Belco said that the collateral for the bank would be the 300 subscribers (which represents a 50% penetration). He said that for purposes of collateral it is assumed that every subscriber is worth $1000.

Another hurdle will be to clear these extension plans with the state licensing commission. It is hoped that a second license

will not be required because of its time consuming process. Selectman Huntoon said he is optimistic that the extension might be worked out under the present license. He plans to be present when the extension plans are presented to the Boston officials.

The projection by Bay Cable estimates a $180,000 capital expenditure of which 30,000 would be Bay Cable's TV capital and the balance would be borrowed to be paid off in 6 yearly installments. In order to achieve this, Mr. Belco said that most of the installation would be done by Bay Cable to keep costs to the minimum.

A public meeting is planned for September 9th at 7 p.m. at the Town Hall to report on results of this meeting to the townspeople.

ROUTE 6 SUPPORT

Eamon Connolly, Special Assistant, Office of the Transportation, wrote to the Selectmen to inform them that he hopes a letter from Chief Engineer Radlo of the DPW to the Federal Highway Administrator will be beneficial to the town. This letter is a comparison of the accident rate of the road as a 4 lane highway as compared to the national average. It was slightly lower. In addition, it states that because the 10.4 miles of 2-lane road leads on both ends into 4 lane roads the result could lead to a serious accident potential for the future. Because of this the State Highway Department would request that this stretch be returned to 4 lanes of 11 foot width as before.

A second letter from Commissioner Tersigni states that, since the repaving project was federally funded, it is necessary that any modification by the state would first have to be approved by the Federal Highway Commission.

A LOT OF PEOPLE DEPEND ON SOCIAL SECURITY CHECKS.

Unfortunately you may not be the only person waiting the day the checks come. Which is why we are urging you to sign up for Direct Deposit of your Social Security checks. Direct Deposit means your checks will go straight from Washington right into your bank account. Nobody can rob them. Or you. Talk to a bank about Direct Deposit. Do it today. This is one way you can stop crime from paying. This advertisement is run in cooperation with the police departments of the Greater New Bedford area.

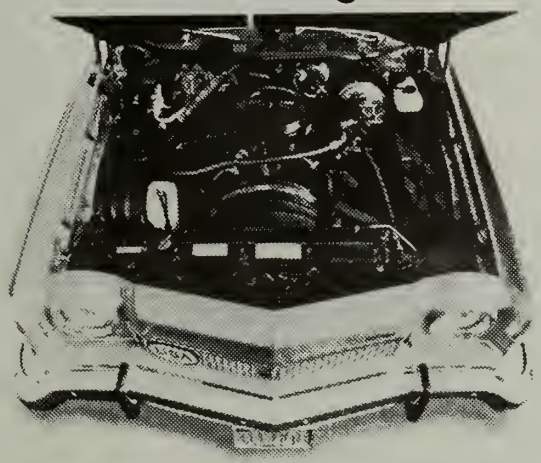
A dirty cooling system is destroying this engine and you can't even see the damage.



There's more to your car's cooling system than meets the eye. In fact, the inner-workings of your engine and automatic transmission depend on proper cooling

A dirty cooling system will allow deposits to accumulate in the crankcase. This build-up of deposits can result in costly repairs.

But you can help avoid this expense and inconvenience with WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system while helping to maximize cooling system efficiency

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush the cooling system — including even those hard-to-reach areas

Your automobile manufacturer recommends cooling system maintenance on a regular basis, so act now. Because when you can see the damage it'll be too late

We try to give some variety to our schedule not only for those who regularly avail themselves of our trips, but also to attract some of you who do not go too often. If reservations have been filled, we reserve the right to request a "regular" to give up his or her seat to someone who seldom goes. Please note that our office usually has special information on new or unusual trips, and you are welcome to stop off and look at the pamphlets or brochures. There are two such trips listed on the September schedule. On Thursday, September 2, we visit Roger William Park in Providence. This is known as the "Jewel of Providence". Designed by Cleveland in 1878, it is beautifully kept up, with paddleboats on Roosevelt Lake, and an award-winning zoo, probably the best in New England. On Thursday, September 30, we take a trip to the Blithewold Gardens and Arboretum and also the Haffenreffer Museum nearby, both in Bristol, Rhode Island. Blithewold has beautifully landscaped grounds and colored flower gardens, exotic trees and shrubs from Europe and the Orient, such as Chinese toon trees, Ginkgos, Japanese tree lilacs, a grove of bamboo, and a giant Sequoia. The design scheme was chosen to compliment the sweeping view of Narragansett Bay that this garden offers.

Hathaway Oil Co. - Solar Division

To whom it may concern:

We had a Grumman Sunstream Solar Hot Water System installed in May, 1981, and with the severe winter we are experiencing we are so enthusiastic about our investment that we want to share the good news with others.

From May through September, 1981, our electric bill was $7.00 for hot water. From September, 1981, through January, 1982, our electric bill was $39.55. We have paid less for nine months of operation than we would have paid for one winter month this year.

It is the most exciting and independent feeling to know that the sun is producing our power -- clean, effortless and cost free.

We highly praise and endorse the Grumman Sunstream Solar System, and do truly recommend Hathaway Oil Company, Solar Division to install and maintain it. Believe me, we have found Hathaway to stand behind their product.

Sincerely

Dennis & Shirley Beck

They are landscapes from another reality. They deal with such major forms as birth - death, good - evil, light - dark, that confront our times. The theme is related in color as well as the semi-abstract figurative material.

Ms. Shumway is a graduate of the Rhode Island School of Design and studied drawing with Bill Flynn at the Boston Museum School and Pala Townsend at Mass. College of Art. Diane also studied at the Sun Valley Center for the Arts and Humanities in Idaho and with Bud Hopkins and Leo Mansio in Provincetown.

Last summer Ms. Shumway was artist-in-residence at the Andersen Ranch in Aspin, Colorado.

The exhibit opens on Friday, August 27th, with a reception for members and their guests from 6 to 8 p.m.

The show continues through September 8th. The Cecil Clark Davis Gallery at the Marion Art Center is open Tuesday - Saturday 1 to 4 p.m.

Mattapoisett Museum

(Corner of Church & Baptist Streets - Open Tuesday - Saturday 1 to 5 p.m.)

Did you know that Mattapoisett had an "industrial park" back in 1880? After the Civil War there was no industry in Mattapoisett -- whaling had died -- so the Selectmen voted to tax exempt any manufacturing business. Some townspeople contributed and a factory was built on Pearl Street. The first business tried was one that made jewelry, but it soon failed.

Then a PEANUT ROASTER MANUFACTURING CO. was started and many of the local residents were employed. The peanuts came from the south in large burlap bags holding about 3 bushels of peanuts.

Abbe & Griffin, a general store on Water Street, bought one of the roasters and customers would come to buy their groceries and help themselves to a handful of hot peanuts. Not much profit but a good drawing card for business.

They also made chicken brooders and feeders, as well as drain pipes and the peanut roasters.

Miss Alice Ordway's father used a section of the building for his Ordway Chair Factory. There are still some pieces of rattan furniture made in that factory in the homes of Mattapoisett today.

The second floor of the building was a large auditorium used for entertainments, suppers, and meetings for the townspeople. The building was torn down in 1930 after serving the people and their economy well.

This article and other tales and pictures of early Mattapoisett and its people can be found in the BICENTENNIAL BOOKLET at the Mattapoisett Museum. Do drop in and see our Peanut Roaster too!

The Cubs enjoyed everything from setting up camp in preparation for cooking over a fire, to a scavenger hunt which included finding "Big Foot" (a large inflatable foot), an Indian war club, a letter from Sitting Bull and other "artifacts". The boys got plenty of exercise hiking, putting up tents, swimming and playing Indian games. As the sun sunk slowly in the West, Mr. Carrier (complete with headdress) ceremoniously lit the campfire accompanied by 2 braves dressed for the occasion and wearing Indian paint. Doreen Nelsen led the Cubs in Indian songs and the popcorn popped in the campfire.

The boys had no problem sleeping that night in their tents.

This was the last event for the year, but new Cubs are welcome now and should contact Barbara Hubbard, 758-6579; or Doreen Nelsen, 758-3772, for uniforms or information.

An invitation was received from District 12 Commander Carmen Scrow inviting the members to the District 12 Reception September 18th at the Marshfield Post.

Ronald Barros reported the trip to Boston to the Red Sox game was successful and a new member, Howard Reynolds, of Bennington, Vermont, was sworn in by Past Post Commander Louis Houdellette.

Discussions were held and dates set for the upcoming steak suppers. Dates are: October 2, December 4 and February 5. Plans were finalized for the annual clambake held August 22.

Letter to the Editor

During an election period we are especially bombarded with claims and counter-claims - the truth probably lies somewhere in the middle. We must learn as much as possible about each candidate's stands on issues and then be sure to vote! Voting intelligently is VERY IMPORTANT. Don't let anyone tell you it isn't important for each individual to vote! Every single vote counts.

One vote has influenced, changed and shaped history - here and abroad. Did you know that one vote determined the boundary between the U.S. and Canada? One vote changed France from a Monarchy to a Republic. One vote gave Hitler control of the Nazi Party in 1923. One vote made English the language of the United States instead of German.

Jefferson, John Quincy Adams and Rutherford Hayes were all elected by one electoral vote.

So, good citizens - be sure to vote - with knowledge as to how that person would best serve your God, your family, and your Country.

So come - ye named winds
And challenge all that makes me
Smooth of virtue and devoid of growth;
Time to change
Lest the pattern of the waves
Upset the tiny boats
I have set to sea within the shelter

WHALING MUSEUM SEEKS VOLUNTEERS

The New Bedford Whaling Museum is seeking more area men and women to become Docents, or volunteer guides, to escort touring school and adult groups through the Museum.

Betsy McBratney, chairman of the Volunteer Council, reports these new volunteers will be given a training course on consecutive Mondays from 9:00 a.m. to noon beginning in early October.

Anyone is eligible to join the Docent program so long as they are free to take the Monday training sessions and are prepared to make a future commitment to the Museum. Upon completion of the course they should expect to work a minimum of one day per week, Mrs. McBratney said.

Interested persons should send a postcard with their name, address and telephone number to Mrs. McBratney, c/o New Bedford Whaling Museum, 18 Johnny Cake

Junior Miss Scholarship Pageant

The Junior Miss Scholarship Program is among the most respected youth activities in the country, honoring outstanding senior girls for intelligence, poise, concern and dedication to the future.

High school senior girls who participate in the 1983 Junior Miss competition are taking part in a nationwide scholarship program to recognize, reward and encourage wholesome achievement in our young people.

Local winners advance to state level competition which determine the 52 candidates for the national title at the America's Junior Miss National Finals held in Mobile, Alabama. The 1982 Massachusetts' Junior Miss was one of the 5 national finalists.

Some $2 million in college scholarships, cash and other awards are made available to Junior Miss contestants from colleges, businesses and local, state and national sponsors. America's Junior Miss is sponsored nationally by Coca Cola U.S.A., Kraft and Simplicity. Our 1982 Massachusetts' Junior Miss, Lisa Kleypas, won the National Kraft

Area Galleries

ARTIST OF THE WEEK

The featured Artist of the Week for August 29 through September 6 at the Onset Gallery is John Crowe of Manomet. His display is predominantly marine paintings in oil, which portray vivid action.

The Onset Bay Art Gallery is located at Point Independence, and is open to the public free of charge daily through Labor Day from 2 to 4 and 7 to 9:30 p.m.

John began his painting career in 1953. He studied under the guidance of John Loren Head and in recent years with Mr. Donald Plummer. Throughout the years his association with the ships and seas gave him the insight necessary to create his own style of subjective composition. Many of his marine paintings are in private collections.

Bridgewater State College to academically talented students in southeastern Massachusetts.

On Friday, August 13, five local students, Audra Ouellette, Joseph Flynn, Charles Marlio, Matthew Craver and Janet Plaud,, were among 368 students who were presented certificates of achievement at commencement exercises at Bridgewater State College.

During the six week program students lived on campus, studied in depth two academic subject areas and participated in a Core program in the humanities. They enjoyed the dormitory, academic, resource and recreational facilities available at Bridgewater State College.

Students entering the ninth or tenth grade are eligible for the program and selection is based on teacher recommendation and academic record.

famous musicals as "1776", "Hello Dolly", "It's Cool in the Furnace", "Godspell", "Guys and Dolls", and "Annie", and in later years vocusing on the younger children ages from 3 to 15, the troupe presented "Cinderella", "Alice in Wonderland", and now "The Wizard of Oz".

During the 15 year span the theatre has an "alumnus" who is a music major at Yale University, many who have taken part in the stage in one way or another while in college, and finally a bunch of young people who have a great respect and understanding for the theatre.

Everyone is invited to an afternoon of fun and music next Saturday. Just go to the end of Brandt Beach Avenue and turn left. The performance will be on the lawn of the 5th house on the right.

The Lloyd Center

ART EXHIBIT

The Lloyd Center for Environmental Studies announces an upcoming special event. Works of artist Bill Shattuck will be on exhibit at the Center from Saturday, August 28, through Saturday, September 11, with an opening from 6:00 to 8:00 p.m. on Friday, August 27.

Bill Shattuck was encouraged at an early age by his family to develop his considerable talent as an artist and, as a result, is largely self-taught. He has worked in several media, including etching, engraving and graphite pencil. The Lloyd Center exhibit will feature his intricately detailed graphite works.

Bill lives in South Dartmouth with his wife, Dedee, and son, Will, at a site overlooking the Slocum River. His choice of subject matter clearly reflects the inspiration he gains from these surroundings.

The works in the exhibit will be for sale, a percentage of which will be a donation to the Center, to help support its various educational and research programs. The Lloyd Center is located at 430 Potomska Road, South Dartmouth, and is open from dawn to dusk every day. Please call 990-0505 for additional information.

SALTMARSH WALK

Lloyd Center for Environmental Studies Director Alan Hankin will lead a walk through the Center's salt marsh on Sunday, August 29, at 1:30 p.m.

The group will examine the flora and fauna

Higher Education. In Louisville, Mr. Yenawine played an extremely active role in both local and national cultural and academic organizations serving, among many other offices, as Chairman of the Jefferson County Historic Landmarks and Preservation Commission and two terms as a member of the Board of Directors of the National Association of Schools of Art and Design. In addition, Mr. Yenawine has served as a professional consultant to governmental and private organizations throughout the country. He was a member or chairman of ten Accreditation Review Teams for the National Association of Schools of Art and Design including the 1981 review of the Swain School.

"As a member of NASAD accreditatation teams", Mr. Yenawine said, "I am naturally familiar with the problems faced by Art Schools in general and the Swain School in particular. At the same time I am a very firm believer in the kind and quality of teaching that Swain has made available to its students. Obviously I share the high regard that Swain has earned among schools of art and look forward to my association with Swain."

Mr. Yenawine is married to the former Neisja Addams. Mrs. Yenawine holds a master's degree in textile design from Syracuse University and plans to continue, in New Bedford, her varied interests which have ranged from the creation of two ten foot quilted wall hangings for a local Episcopal Church to the successful development and marketing of a line of hand-painted suede belts. The Yenawines have a three year old daughter, Heather.

of Swain concludes an intensive search by a committee of Swain trustees and faculty, chaired by Mr. Eldredge H. Leeming, with input from both the student body and administrative staff of the school. "We received over fifty applications for the position", Mr. Leeming said. "All candidates were highly qualified which made our task both difficult and gratifying. I believe I speak for all constituencies of the school when I say that we are all tremendously pleased that the Yenawines will be joining the Swain community."

TOBEY EMPLOYEES DOWN MEDICAL STAFF IN ANNUAL SOFTBALL GAME

The Tobey Hospital Employees' Association downed the medical and nursing staff 22-19 in the annual softball game August 19 at Palmer Field in Wareham. Paul Cardoza, Coach of the Employees' Association, attributed the come-from-behind victory to late inning hitting by Dan Newberg, Paul McMahon, and Cheryl Walker, and the pitching of Mike Uliano, who settled down after a rough start. Tom Spiro, Coach of the Medical and Nursing Team, expressed disappointment at not being able to hold a big early

RACEWAYS AND MIRRORS EXHIBIT OPENS AT CHILDREN'S MUSEUM

The Children's Museum in Boston announces the opening of two new exhibits -- Raceways and Mirrors. With the tradition of "hands-on" in mind, in both Raceways and Mirrors visitors can learn much by doing.

Mirrors lets visitors explore optical illusions, reflections, and images in a lighthearted manner. Standing in the Infinity Box, a walk-in "box" of mirrors, one youngster exclaims, "There're hundreds of us!", while another announces, "I'm up here and I'm down there!". While in the Mirrors exhibit, watch a friend become weightless at the Anti-Gravity Mirror, laugh at distorted images in front of the Circus Mirror,

or see yourself as others see you at the True Mirror.

Visitors can also spin the Phenakistoscope disks, a visual invention of the 1830's using slightly changing images to give the illusion of motion. The Four-Way Periscope and the Revolving Periscope lets you spy on other parts of the Museum.

In the Raceways exhibit speeding golfballs, not cars, test skills and spark curiosity about motion and momentum. At the Ski Jump the golfballs may end up in the tin cans -- that is, depending on which track you use. At the 26-foot-long Roller Coaster a visitor may see motion similar to a wave on water, or a swinging pendulum. Visitors can send a golfball or two down the Loop the Loop, or attempt to Hit the Bucket several times in a row.

Zooming golfballs and floating images make the science of physics and optics fun in the Raceways and Mirrors exhibits.

The Children's Museum is at Museum Wharf, 300 Congress Street, on Boston's waterfront. There is an admission charge; children under 2 are admitted free. For travel information call the What's Up Line at 426-8855.

Heritage Plantation

COLORFUL PIPE BANDS AT HERITAGE

A colorful double-header will be offered at Heritage Plantation of Sandwich, when Clan Sutherland and Highland Light Scottish Pipe Bands perform on Sunday, August 29, at 1 and 3 p.m. The Pipe Bands will begin their parade at 1 p.m. in front of the Round Barn and will march to the museum's parade grounds adjacent to the Military Museum where they will perform.

The Clan Sutherland features eighteen pipes and six drummers. They have won several competitions in this country and Canada where in 1976 they placed third in the International Championships at Toronto competing with many bands from Scotland and Canada.

The popular Highland Light Scottish Pipe Band returns from last summer. Pipe Major

with the renowned Alvin Ailey Repertory Ensemble from New York City. Their unique combination of modern, jazz and classical dance have been presented world-wide and as Clive Barnes of the New York Times states, "The world has never seen a more powerful expression of sheer joy. There is nothing like it." On December 18th and 19th, the Festival Ballet of Rhode Island will perform a Christmas classic - The Nutcracker. This company is well-known for their performances which include beautiful costumes and striking sets. January 8th brings the Bowyer and Bruggeman American Ballet Comedie to New Bedford. This six-member company engages in everything from slapstick to the absurd, as they perform their enormous range of dance styles. On February 8th, The Washington Ballet will grace the Zeiterion stage. The impact of this repertoire which combines contemporary and classic ballet, has been described by critics as magical, dazzling, breathtaking, explosive and sensational.

On Saturday, October 30th, the Music Series gets underway with the sophisticated sounds of Cosmology, a jazz group based in the Virginia Blue Ridge Mountains. On December 5th, Boris Goldovsky will narrate Opera Highlights, a selection of musical pieces which will be performed by four professional vocalists. Mr. Goldovsky has taught the Cedardell Opera Program at Southeastern Massachusetts University for the last nine years. On February 13th Mr. Jack Daniels Original Silver Cornet Band will guarantee an evening of foot-stomping, hand-clapping and all-round good times with their re-creation of a circa 1905 band concert with 13 musical artists. Complete with gazebo, this authentically costumed troupe performs the sound of Tennessee before the age of telephones, before motorcars and before moving pictures. Finally, the spirit of St. Patrick's Day will be celebrated on March 15th with the appearance of The Chieftains. These talented Irish musicians have performed for the Pope in Dublin and they have collaborated with such artists as Eric Clapton, Van Morrison, James Gal-

The Broadway musical 1940's Radio Hour will be presented April 4th, 1983 in a show filled with fun, nostalgia and tunes from the golden days of radio. This brassy entertainment comes complete with period commercials, lots of songs including 'Strike Up the Band' and 'Chattanooga Choo Choo', and lots of dancing.

The Zeiterions' Film Series will include Gone with the Wind, Charlie Chaplin's The Gold Rush and Buster Keaton's The General; a Halloween Horror Show with The Wolfman, Dracula and Frankenstein; Grand Hotel and Queen Christina starring Greta Garbo; MGM Musicals Singin' in the Rain and An American in Paris; Walt Disney's Bambi; and Dr. Zhivago.

Theatre for young audiences will begin on December 3rd. Babes is Toyland, Snow White, The Freedom Train, Dinosaurs, Puppets and Picasso and the Magic Imagination Show will be performed by the Performing Arts Repertory throughout the year.

More attractions will be announced during the year.

The Zeiterion Theatre's 1982/1983 Performing Arts Season commences on September 25th. For further information, reservations or a season brochure, please call the Zeiterion Theatre Box Office at 994-2900.

Artcrafters' Festival

The fifth annual Artcrafters Fall Festival will be sponsored by the Marshfield Historical Society on October 30 and October 31 from 10 a.m. to 4 p.m. at the Furnace Brook School, Route 139, Marshfield.

Space is available on a first come, first served basis for jewelry, metalwork, leathercraft, ceramics, needlework, painting, pottery, weaving, woodwork, scrimshaw, and macrame, among others.

The Artcrafters Festival is a fund-raising effort to benefit the restoration of the seventeenth century water powered Hatch sawmill.

Artcrafters wishing to exhibit may call Elizabeth Bradford in Marshfield (834-4173) or address correspondence to P. O. Box 515, Marshfield, MA. 02050.
